Measure, Appointment or Topic: SB238

Police have too much power and resources, and they abuse it. How many millions have the Portland Police paid out recently to settle police abuse and harassment claims? We cannot give them another source of power and control over innocent people. We cannot reward them with more when they are already misusing their resources to attack the people they are supposed to protect. If the police can use drones without getting warrants, then all our privacy rights are moot. We all become suspects. The police will have another tool to abuse and misuse. How long til we find out they are spying on naked sunbathers? Or surveilling family gatherings of people of color?

Police cannot be trusted. Don't expand their power. Vote NO on warrantless drones.
