On Behalf Of:	Law abiding Oregon residents
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB243

Oregon law abiding residents are tired blamed for the acts of criminals. Nothing in this bill could possibly change the act of a criminal set on causing violence.

Prohibited criminals do not submit form 4473 background checks at gun dealers, they do not check with their legislators before they use a 11+ round magazine to commit violence. How does passing a background check, before I can submit my background check to purchase a gun even make since? It doesn't! All these laws can do is reduce the law abiding citizen's ability to protect themselves and their loved ones. I use to vote Democrat, but no longer will. All they want to do is restrict the actions of law abiding citizens who want to practice their Constitutional Right and make us pay for it. I'll never vote for another Democrat again.
