

Submitter: Patricia Allen  
On Behalf Of: Florence Climate Emergency Campaign  
Committee: Senate Committee On Education  
Measure, Appointment or Topic: HB3365

I am writing in support of HB3365, the Climate Education Bill.

Climate change is real. Climate change anxiety among our children and youth is also real.

With education comes clarification and understanding. This not only alleviates anxiety but can also produce new and innovative solutions by those who choose to pursue them.

I am asking you to give our children and youth the opportunity to be better prepared to face climate change issues but also the ability to help solve them.
