SB485-2

Dear Chair Meek and Members on Senate Committee of Finance and Revenue

We support SB485-2. Our 220 acres are in Douglas County with 160 acres being in the family since 1934. Our children and grandchildren plan to keep and manage this forest. This bill will clarify decisions regarding estate planning and future forest management helping them accomplish this goal.

SB485-2 is significant in assuring family forests thrive for generations and keep the land in the family from generation to generation.

We urge you to support SB485-2
