

Submitter: Brad Loseke  
On Behalf Of: Myself and taxpayers of Oregon  
Committee: Senate Committee On Finance and Revenue  
Measure, Appointment or Topic: SB485

My family and other fellow taxpayers have worked hard all our life providing for our families and paying our income and property taxes. The estate tax in this state is oppressive as it is another barrier to passing on hard earned assets to heirs so they need not be in need of government assistance and handouts in the future and be self sustaining citizens.

Oregon needs to stop impeding forward thinking, hard working citizens who are working hard to not be a burden on government or other hard working citizens of this state. Isn't this what we all want?

I, my family and other Oregon taxpayers strongly support SB 485.
