I and the community I live in, do not want unmanned aircraft systems flown around by law enforcement agencies. This would not serve or protect our city. It would greatly infringe on the privacy of our citizens with seemingly no oversight to how it would be used and that's without getting into the already obscene expense of law enforcement when MUCH LARGER needs are being unmet in Portland. If you're familiar with Portland roads, unhoused, and ever inflating costs.. this proposal is an extraordinary insult to the taxpayers and residents of Portland.
