

Submitter: Louis Capozzi

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: SB238

This measure, while well-intentioned, goes WAY too far. If you move it forward you will find resistance on both sides of the isle. I can't imagine Eastern Oregon ranchers welcoming drones flying over their ranchers, and progressive city dwellers will certainly oppose unlimited intrusions on their privacy and freedom of speech. This just needs to go away.

Lou
