

Submitter: George Botkin

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3962

It is time that the money from the TLT needs to go where it needs to be. As opposed the egregious allocation that forces 70% to be spent nowhere but tourism enhancement. It has done a job to now that is pushed us nearly to the brink And it is obvious that we do not need to spend anymore on promoting tourism. We need these additional funds to go to infrastructure to help dig us out of this hole.
