SB243

Folks...Although this will do nothing, repeat, NOTHING to curb crime in Oregon, I thought I'd write a little note to all you coward liberal control freaks...My Dad, a WW II B-26 MARAUDER pilot, gave me my first 22 rifle when I was 12, I shot NRA Competition (Sorry, I know those 3 letters send you fools into a rage, and you start breaking stuff in Moms basement) and I have shot some form of firearm competition for the last 63 years...Ex IHMSA Oregon State champion, competed in 600 and 1000 yd competition, etc...When I moved to Oregon in 1972 this State was a great one, ruled by common sense and pro-firearm...Slowly but surely liberals have infested Oregon, it has gotten more expensive, more regulations, and more liberals...I believe it's the 3rd most expensive state to live in, and knowing what I know now, I would have kept going to Idaho, where they ban liberalism and men left Mom's basement at 18...Oregon made the News again today, as they arrested a Sinaloa Cartel chief right here in our State Capitol...The biggest bust in America's history, right here in Oregon, led by AG Pam Bondi, and the DEA...Living right under Gov Kotek's nose...But hold on Liberals, I'm sure you all will be defending these Cartel members while you are passing more moronic bills to disarm Oregonians
