SB243

I respectfully ask that you oppose this bill. I only makes the lives of legal, responsible gun owner more difficult to practice their constitutional and legal right to exercise the 2ns amendment right. Your job is to make our lives better and easier. Not to stand in the was of us and our constitutional right.. All you are doing is making felons of law abiding with these unlawful rules and laws. That is not your job, nor is it why you were elected to your office. Thank you
