On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

Hello, I am writing to oppose the bill which would allow physical therapists to administer dry needling. This is a medical practice that will be cheapened and put people at risk of improper treatment. I highly encourage you to oppose this bill. It does not benefit the patients of physical therapists to have treatment from an inexperienced practitioner. Leave acupuncture to the trained professionals, please.
