

Submitter: Jordan Rupp

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

This is the most effective myofacial intervention that is 100% safe when utilized properly by a licensed PT. By not allowing therapists to fully utilize all of the tools in our scope, the state is directly limiting the care patients can receive and thusly prolonging their pain and dysfunction. This has also been proven to be a very effective for chronic pain, and a excellent means to assist fighting the overuse of opiods in chronic pain.
