As a hotel owner/operator for the past 35+ years I urge you to end the pursuit of this bill. The ODFW has no business taxing hotel guests for species conservation at all. Especially when the majority of guests do not geographically affect areas under the ODFW purview. This is just another attempt to cover for poorly managed finances. This also opens the idea that any state agency can tax hotel guests for any reason they want to, and that is abhorrently wrong. VOTE NO on this.
