SB243

These draconian unconstitutional measures will do absolutely zero at stopping a crime. It will harm are local gun and sporting stores to the point of closure. These fine business employee local folks, pay their taxes, do business with and donate to local non profits, school functions, food banks, sponsor events, and spend money with other local services and businesses. Harming them, harms the entire community and businesses. They also support and serve our local law enforcement, first responders, and our military folks. 18 years old are adults, the serve in many capacities and are responsible. Limiting their ability to protect their families, themselves, and others is institutionally dumb. If you truly wish to lower crime, then stop the revolving door that allows criminals right back on the street after many crimes and failure to appears. They have no fear of the law as your only desire is to limit the lawful people and turn the lawful into criminals. Stop being tyrannical serving only special interest groups that desire to make America traditions and strength fail.
