

Submitter: Adam Bronstein

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB2977

Passing this bill would go a long way to help recover many critters in Oregon. In particular, "non-game" species need special assistance because hunters and angling license proceeds are funneled elsewhere. This bill is an excellent example of a non-traditional revenue stream for ODFW that should be championed by all.
