

Submitter:	Alan Brown
On Behalf Of:	My family
Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	HB3932

As a former in the field volunteer on projects directly involving reinvigorating beaver habit with ONDA. I have seen that the incredible importance of this keystone species in the state of Oregon could not be more important than at this time. Their impact on other species, both mammals and fish can never be underestimated or understated. Step-by-step this bill will provide the building blocks to insure these incredible engineers of nature have a fighting chance. Thank you for supporting this effort.
