

Submitter: Ron Martell
On Behalf Of: Oregon trappers
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: HB3932

Dear Chair vice Chair and all members of the committee

My name is Ron Martell I am writing this letter to oppose HB 3932 ,
As feel good as this proposal sounds, there are some very important facts not being
brought forward. This ridiculous action will in fact cost the the taxpayers of Oregon
millions upon millions of dollars for a job that the trappers of Oregon do for free, in
fact they actually pay to do it ,

Wildlife management should be left to the ODFW
and there professional and educated biologists
Creation of laws based solely on emotional ideas
Never works

You would have to have your head buried in the sand to think that beavers are not
going to overpopulate and cause floods and timber damage irrigation control issues
as well as disease

Thank you for the opportunity to voice my opinion on this matter and please think
carefully when voting on this bill

Sincerely ,Ron Martell
