

Submitter: Jessica Collett

On Behalf Of:

Committee: Senate Committee On Natural Resources and  
Wildfire

Measure, Appointment or Topic: HB3932

I am writing in opposition of this measure. Oregon has a management plan and getting rid of it will not help anything or anyone. Beavers have many uses and managing them also helps control the amount of damage they can do. As beautiful of creatures as they are they are also very destructive to water ways and the surrounding areas. Helping to manage them helps to eliminate some of the destruction.
