SB243

Rapid fire activators are ALREADY illegal. Waiting periods do nothing but punish law abiding citizens. Oregon CHL holders are responsible, already go through background checks and are NOT causing problems in areas specified in this bill! Lastly, this bill has a price tag and it hasn't gone through ways and means. Knock it off with the political stunts. Balance the budget, fix the roads and bridges and quit raising taxes. Vote NO on all of the gun bills! Quit being "democrats" and start actually representing Oregonians!
