

Submitter:	Ritch Hanneman
On Behalf Of:	smoke and mirrors
Committee:	Senate Committee On Education
Measure, Appointment or Topic:	HB3365

To destroy land and environment with toxic wind farm blades. To make land toxic and not able to be used by mining for lithium. And Geoengineering to alter the weather. And then say it is for the environment is the top level of massive lies. Who is getting rich off of these massive lies. We need a DOGE here to expose the this corruption.
