Topic:

As a resident of Cottage Grove for the past 35 years (over half my life!), I am writing in support of funding for two local projects: the completion of the north end of Bohemia Park and the construction of a firehouse for the new Row River Rural Fire Department. On its northern side, Bohemia Park abuts Main Street, the central artery of Cottage Grove, and the consummation of the project on that side of the park would be a clear recreational enhancement and would provide an economic boost to our community. I also support funding for the Row River Rural Fire Department firehouse; the new fire district, recently voted into being by the local community, deserves all the support it can get in its attempt to protect its rural citizens from the increasing likelihood of fires.

Thank you for your work supporting Oregon communities.
