Measure, Appointment or Topic: HB2977

Chair Nathanson, Vice-Chair Reschke, Vice-Chair Walters and committee members,

Please support HB 2977, to protect habitat for our wildlife. In these chaotic times, we need sustainable funding to take care of other living things in our state. Other states have higher taxes on tourist lodging, and/or sales tax, so this is a reasonable way to procure stable funding to protect the places that make Oregon a desirable place to live and to visit.

Thank you,
Emily
