

Submitter: J. Hemlock

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB2977

Found out about this bill last minute and wanted to share my support. It's important that we support wildlife because they can't vote. And if they could they would support this bill. I can speak for myself and all my friends around the state that we support wildlife and we will vote for elected officials who listen to our last minute emails.

Cheers,
Hemlock
