Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB243

Thank you for the opportunity to submit testimony on SB 243. Crime in the State of Oregon is rampant, Law abiding citizens are working overtime just to make ends meet, Bills such as this will only have a very negative effect on law abiding citizens here in Oregon while paving the way for criminals to commit more crime. A young lady that finds herself in a bad relationship has limited time to get help and defend herself, this will add more cost and more time before she could legally purchase a firearm, the only true equalizer between her and her perpetrator. This bill will take the rights and freedoms of this lady and open it up to whatever the criminal wants. Is this justice?, Is this Constitutionally correct? Is this moral or right? Handing more rights to criminals while taking law-abiding citizens rights away makes no sense. Theft, Domestic Violence, Rape and murder will increase, and until it hits your home it will not matter, but to those of us that have had to watch this, it matters! Please vote in opposition of SB 243 Thank you, Candy
