Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or Topic: SB5531

Please consider funding the Bohemia Park project in Cottage Grove. This beautiful park has become a centerpiece of our town. I use it often and see so many of our town's residents there. Young families fill the play area, teens playing frisbee, seniors walking their dogs, people of all ages and economic situations come together in a wonderful public space. Like many small towns, our town has had its struggles. A well-designed common space like Bohemia Park brings people together in a time when so much separates us.
