SB243

Stop the nonsense with all these unconstitutional gun laws. These are overload, overboard, overbearing actions that will not stop criminals. Have you ever heard of the black market? That's where criminals get their guns, not through laws made to disarm law-abiding citizens.

We the people know that these unnecessary gun bills will not stop crimes or suicides. Where is your common sense?

Additionally, where will you get the funds to implement this "law?" The State is broke, the people are already taxed to death and you are taxing us further with all these new laws. No one, not the State nor the people, can afford this. Stop trying to "save us" with your very expensive, "feel good" laws that usurp our rights, cost too much, and punish law-abiding citizens.

In addition, what about the elderly, the handicapped, the single women such as myself, who must also have a way to protect ourselves. Many of us cannot afford these taxes and the cost of simply owning a firearm for protection.

Stop usurping the Constitution and our God-given rights!

I strongly oppose this bill. Please vote NO!
