

Submitter: Gail Hemsoth
On Behalf Of: CoRAA
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5531

As a Cottage Grove resident, I request the committee fund Lane County's Recreation's (CoRAA) request for funding for seven projects. Completing Bohemia Park is one of those projects. The park is located alongside the railroad where the railroad depot once sat. The design incorporates the early history of the area and will include a splash pad for children. It's important to have safe, green space for children to play and, as it gets hotter, free access to a place to cool off is a must. Bohemia Foundation.

I know you have hard decisions to make with limited funds, but encourage you to support CoRAA's request. The groups that make up CoRAA have raised 75% of the cost of these sever projects and are asking for 6.34 million to COMPLETE them.

Thank you for serving Oregonians in this important capacity.
Gail Hemsot
