

Submitter: Irene Alltucker

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3962

I am writing in opposition to  
HB2977 1% increase in state TLT for ODFW Wildlife Habitat  
Any increase at this time in TLT will be detrimental to the hospitality industry and will negatively impact Oregon's economy.

The economy is reacting negatively to the instability of impending tariffs. Further creating a discouraging environment by increasing costs with increased TLT is unsupportable.

We need to do all we can to encourage tourism and reassure travelers Oregon is the perfect destination.

Thank you for your careful consideration of this request to oppose HB2977
