SB243

I oppose this bill as it will cost taxpayer dollars which would be better served to train staff on the State & US Constitution as well as apprehending and prosecuting actual criminals. This will be a financial burden on the state at a time when Oregon officials already are begging for more funding. It can also have negative effects such as pushing people to subvert the background check and licensed dealers and seek guns through other means, such as "ghost guns", the "gun show loophole" & the "back door Sanchez"; all of which could put the public at more of a risk.
