

Submitter: Kristen Sartor

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: SB238

Hello Committee members,

I am writing to oppose SB 238A. I am very concerned about the prospect of increasing resources and power to law enforcement. These resources and power would be much better served in community support, not increased surveillance. I am concerned about how this bill supports the Trump agenda and the rise of fascism. Please oppose SB 238A.
