

Submitter: Tricia Wall

On Behalf Of:

Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction

Measure, Appointment or SB5531  
Topic:

As a long-term community member and teacher I am fully in support of finding funds to repair Osbourne Aquatic Center. It has been a staple in our town which has a direct impact on children, families, and the general health of our city. We all deserve to have a safe, clean, healthy place to swim and gather. Please take the time to find the funds needed.
