

Submitter: Irene Alltucker

On Behalf Of:

Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3962

Chair Nathanson, Vice-Chair Reschke, Vice-Chair Walters, and members of the Committee,

I am submitting testimony in opposition to House Bill 3962.

Lane County faces significant economic challenges especially during the winter months.

The broadening of the definition of programs to be funded by TLT will put tourism programs in direct competition with community needs.

We must keep programs that are solely focused on tourism programs that keep TLT revenue strong and dedicated to thriving not on general community needs.

Thank you for your time and consideration.
