Prior to January 20, 2025 we were fortunate as a Country. We had a functioning government and we had allies in the world. Now, some of us have far fewer rights! That's not right. Further problems come because Felonius and his cadre of fools think 'we don't have the right to free speech'!

Felonius took an Oath to The Constitution as did every member of The Senate and The House! Why are we even having to have a hearing? This Fascist Regime must be removed and held to account. His retribution tour must come to an end. The silent and complicit GOP are allowing the ruin of our 249 year old government.

Wrong!
