Capital Construction

Measure, Appointment or SB5531
Topic:

As a long time Oregon resident and cyclist, I've had my heart set on a safe way to ride from Portland to the coast. I'm almost 60 years old and am dreaming that the Salmonberry Trail will be ready to ride in my lifetime.

Investing in this particular trail is investing in Oregon. It will attract tourists to our beautiful landscape and give them a way to enjoy it outside of a car.

Thank you!
