GEARHART

**The Honorable Elizabeth Steiner and Tawna Sanchez, Co-Chairs
Members of the Joint Committee on Ways and Means
Oregon State Legislature**

Water Filtration Membrane Replacement

Amount Requested: \$50,000

Dear Co-Chairs Steiner and Sanchez, and Members of the Committee,

On behalf of the City of Gearhart, I respectfully submit this request for Capital Construction Funding in the amount of \$50,000 to support the replacement of aging water filtration membranes at our water treatment plant located at 321 1st Street.

This project is vital to maintaining efficient water filtration and ensuring compliance with state and federal water quality standards. The existing membranes are nearing the end of their service life, and timely replacement is critical to the continued delivery of safe drinking water to our residents and visitors. Gearhart's Public Works team will install the membranes, keeping project costs low.

This modest investment will help us sustain a resilient and high-performing water treatment system for years to come.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Chad Sweet', is written over the typed name.

Chad Sweet
City Administrator, Gearhart, Oregon
