

Submitter: Shelby Blankenship

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

I have been dry needling in the state of TN for over 4 years and the amount of impact this has made on my patients is astronomical. They're able to get out of pain faster and get strong more aggressively allowing them to quickly transition to wellness/fitness and ultimately saving medical dollars and time that could have resulted in deconditioning.
