

Submitter:	Jay MB
On Behalf Of:	self
Committee:	House Committee On Judiciary
Measure, Appointment or Topic:	SB238

Hi, I'm writing to submit testimony to oppose the bill SB 238. The bill proposed would allow law enforcement to launch UAV in a wide variety of situations without court order, so there's no oversight mechanism provided. This would enable cast infringement on privacy of residents across Oregon. We should not allow this kind of surveillance of ordinary people.
