Regarding HB 3054

My husband and I bought our home in Seminole Estates five years ago.

Our space rent was \$910 for Jan of 2022. When we moved here it would have been even less than that, the amount we paid for last month was \$1163.

We have been told they are going to raise the space rent \$100 per month every year going forward.

With prices of things going up as they have, it's becoming difficult to make ends meet.

We are in our eighties, retired and our only income is Social Security, which will not increase to keep up with space rent increases of this magnitude.

We are so in support of this bill and are so in hopes it will pass. There are so many people who will not be able to pay their rent if increases keep up at this pace.

Thank you for your effort to get it passed.

Sincerely

Verna (Berni) Malone
