Capital Construction

Measure, Appointment or SB5531
Topic:

Hi,

I would like to take a moment to express my support for the funding for a fire station. I am a captain at Row River Rural Fire Protection District and I have been training for two years so I can be a part of this District and help my neighbors. I am committed to Row River Fire District and a fire station would be an amazing asset to all the work we have done. A place that encourages learning would be a great addition to our growing group of volunteers. We have been able to secure great apparatus that should be protected. Having a place to store our personal protective equipment will ensure it lasts longer. The benefits of having a central location to continue to build on the beginnings of an amazing volunteer fire department are endless. We have an amazing group of people around us that have enabled us to be successful and will continue to move us forward.

Thank you for your time,
Captain Jessica Landstra
Row River Rural Fire Protection District
