

Submitter: Amanda Beer
On Behalf Of: My children
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5531

Please please please support this bill. The Osborne aquatic center in our town of Corvallis has been a critical source of physical, mental, social, and emotional well being for my children ages 7 and 12. The closure of this pool has been extremely challenging and the bulk of the burden has been carried by my children, who love to swim and have struggled with the impossible logistics of not having our own community pool. With your approval of this bill, we can hopefully reopen this critical anchor in our community, which we all need so desperately in these challenging times. Thank you for your consideration
