

Submitter: Tammy Mercer
On Behalf Of: Osborne Aquatic Center
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5531

Please approve the funding to repair Osborne Aquatic center. Exercising in the public pool is essential for my health. I go to Osborne 3 days a week and would go 5 days a week if my exercise class was available. Many people use Osborne everyday. I see babies learning to swim, children in swim classes and on swim team. Older people swimming laps, seniors exercising in the warm pool, every age group uses this pool. We need our public pool!
