

Submitter: James Gomez

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB243

This would impede my ability to purchase a firearm and a CCW I am disabled and on small fixed income. This would put undue stress and financial burden on me a law abiding citizen my entire life to be able to defend myself. It also will cost millions of dollars that this state does not have. This money could be used to keep police on the job instead of making massive cut like in Portland the do not have enough money to keep all officers employed. Should not have skipped ways and means
