Measure, Appointment or SB5531  
Topic:

Please support SB 5531. If we do not act now to save affordable housing from foreclosures and sales due to the extreme inflation in operating costs, Oregon stands to lose more affordable homes than it builds. When we lose affordable housing, we lose the taxpayer investments that built it and risk pushing vulnerable people, families and seniors into homelessness. As a resident of downtown Portland, I witness our homelessness crisis every day. We can't afford to move backwards and the lose the affordable housing we have already built. Please support SB 5531 to preserve existing affordable housing. Thank you.
