

Submitter: Mark Blackwelder  
On Behalf Of: Osborn Aquatic Center  
Committee: Joint Committee On Ways and Means Subcommittee On  
Capital Construction  
Measure, Appointment or Topic: SB5531

Submersion in water is otherworldly and transcendent, even latched onto by some religions as sacred. Sharing and enjoying this with my daughter has been our most consistent bonding activity through her life, and has become her favorite physical exercise. We're not unusual. This community needs a swimming spot. Please fund the repairs as soon as possible, it's been too long already!
