SB243

Please stop this constant attack on the law abiding that work and pay taxes while giving free passes to criminals and non residents with no legal status! Go after the criminals and reinstate penalties for the ones that commit real crimes! These proposed bills will do nothing to the actual criminals set out to commit crimes but unjustly persecute the law abiding tax payers that pay your salary. I very strongly oppose any bills that aim to restrict law abiding persons of thier constitutionally given (oregon and federal) rights to keep and bear arms. You are supposed to protect our rights, not prevent or hinder our rights!

Thank you for reading my opposing thoughts on these proposed bills
