Re: SB 238

May 9, 2025

I strongly oppose SB 238 because it unnecessarily allows law enforcement to conduct surveillance and invasion of our privacy and rights to free speech, thought , and expression, without judicial any other oversight or permission, and allowing law enforcement to make decisions without external control or review. This is an thoughtless bill and permits the police to do what ever they please with no restraint, at a time when law enforcement at local levels have stated and shown by their actions that they will not obey the Constitution, and their decision making ability is already compromised by their personal biases. SB 238 is also an abrogation of the legislative branch's duty to protect our rights and to uphold the Constitution Please DO NOT SUPPORT this ridiculous abuse of our rights to privacy, free speech and expression, and the sanctity of our environment.

Thank you for your consideration.
