

Submitter: Devan Torbert

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: HB3824

I strongly encourage representatives in the Senate to OPPOSE Bill HB3824. This bill compromises the safety for patients, minors, and any client seeing a PT. Physical therapists should be required a minimum of 2,000 hours of training for needle insertion and additional for injections and vaccines. This is not safe and compromises the wellbeing of patients across our state. Please OPPOSE Bill HB3824.
