Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction

Measure, Appointment or SB5531
Topic:

Thank you for the opportunity to testify. I support bill 5531.

Osborn Aquatic Center's indoor swim lanes are the best way I have found to get the exercise I need to help keep my lungs healthy and strong year round. Other options for indoor swim are quite limited here in Corvallis, and the public solution Osborn provides is the only one that has worked for me. The loss of Osborn's indoor swim lanes has negatively impacted my health over the last several months as the alternatives have not sufficed. Please help fund a the repairs to Osborn.
