

Submitter: Sarah Foltz

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: SB181

I am an employee of OHSU and have heard students openly admit that research they do is not necessary to perform on live animals. It is time to evolve beyond this kind of abuse, and move towards simulations, like many organizations have already. End the animal suffering, please, and in so doing, you will only help the public perception of this institution and garner further support in the future.
