

Submitter: Kate Hadley
On Behalf Of: SB5531
Committee: Joint Committee On Ways and Means Subcommittee On
Capital Construction
Measure, Appointment or Topic: SB5531

I support SB 5531 which will provide critical funding for a project that has been mandated by the ODEQ.

This project involves vital upgrades to our wastewater treatment facility-- an effort that will cost millions to complete, but is essential to meet regulatory standards. Government funding through SB 5531 will significantly ease the financial burden on our constituents, while also protecting our natural resources. The upgraded facility will not only serve our community more effectively but will also enhance local ecosystems and wildlife habitats. This is a smart investment in public health, environmental stewardship, and fiscal responsibility.
